

PUBLIC MEETING.

The meeting announced in our last issue for Thursday night of last week to take into consideration the advisability of establishing a Public School, drew out a large number of our citizens, showing the interest that is taken in public affairs generally. Mr. Walker, who had convened the meeting, occupied the chair, and requested Mr. Swan to read the minutes of the different meetings held by the Civic Committee, he then vacated the chair, but was appointed Chairman of the meeting, while Mr. Swan was retained as Secretary. After an explanation of the object of the meeting an invitation was given for any person to express their views on the subject, when it was moved that it is necessary to have a school in Calgary, which was carried unanimously. On further motion it was resolved that Messrs. Douglas, McNeil and Costello constitute a committee to canvass for contributions, to procure a suitable room, and to engage a teacher as soon as practical. A subscription list was then opened and in a short time \$725 was subscribed for school purposes. As the N. W. Council will donate an amount equal to \$25 per month to any locality that raises a similar amount to be devoted to payment of teacher's salary. We have no doubt enough money can at once be raised to rent a room and pay all the expenses necessary till the time comes when the municipality is in a position to govern school affairs. The school question being settled other public matters were taken up and discussed, as at once introduced, and a very warm and spirited debate was the result. A number of gentlemen thinking it was but fair that the people of Calgary should know who the applicants are and the full nature of the application before any action is taken by the Government in the matter. Mr. Bleeker, solicitor for the applicants, being present was called upon to explain the full nature of the Bill, but gave neither the names of the applicants nor the provisions of the charter, although stating that he expected the Bill with all the provisions by next mail, and he would then lay the whole matter before the people. Motions and amendments were then proposed, but none of them came to a vote and the meeting dissolved itself.

DOMINION LAND OFFICE.

We are pleased to see that M. C. Cameron, M. P. for Huron, who paid a visit to the locality last fall, is interested in himself on our behalf, as will be seen from the following question which he has propounded on the floor of the House:

Has a Dominion Land Agent been appointed for the Calgary Section of the North-West? If so, what is his name, former residence and occupation; amount of salary; when did salary commence; where is his local office located; has he commenced on the discharge of his duties? If so, when?

Whether Supply Farm No. 20 on Fish Creek, near Calgary, has been sold; when, to whom, and for what price; and whether by private sale or public competition?

The first of these is a very important matter to the settlers around Calgary, at least so far as "When will he enter upon the discharge of his duties?" There are over 200 settlers or squatters who have taken up land expecting every month that an office would be opened and that they could have a chance to make their entries. From the very unsatisfactory way in which squatters have been treated in other parts of the Territories they have been very chary about making improvements, fearing that after having done so they might fail to get their claims. A number of them are now patiently waiting the opening of the office that they may get their entries in time to cultivate this season. We hope the land agent may receive instructions to open the office immediately.

REPARCIOUS JOBS.

Under the above heading the Globe of the 24th ult. has the following regarding Calgary:

See another victim-victim.

Mr. Cameron, of Huron, to-day took the initiative steps towards exposing a few of the most nefarious jobs perpetrated by the present Ministry in the North-West. He asked of Sir John Macdonald some particulars respecting the sale of the Supply Farm near Calgary, and obtained information to the effect that that farm of 2,000 acres, with \$7,500 worth of buildings and other improvements, had been disposed of at a price of one to two dollars per acre. The land itself is worth at least ten dollars per acre, yet the whole property has been given away to political favorites secretly and without competition at a mere nominal figure. When full particulars are known the transaction will be found to be one of the most disgraceful in the country's history. In reference to the appointment of a land agent at Calgary Mr. Cameron also extracted from Sir John an acknowledgment that William Hildard, brother of the superintendent M. P. for West Pemberton, was appointed to the position in June last at a salary of \$1,200. He has been drawing pay since that date, but up to the end of September had not entered upon his duties.

As will be seen in another column he has not entered on his duties yet, and the settlers are beginning to fear their entries will be too late for this season.

The same paper says:

Mr. Adam Baker, ex-M. P., P. P., was also appointed land agent at Calgary, the position being given him as a consolation for rejection by the Tories of himself and Mr. John May has been in the position of the same way. It seems that Sir John Macdonald had Dominion lands transferred from receiver to land agent in order to provide more easily for his troubles—see followers.

PERILS OF LIVING IN ONTARIO.

Kingston, Jan. 24.—The snow blockade is causing apprehension on a wood famine. No fuel has reached the city for some time, and there is no prospect of any coming. Fifty commercial men are in the city, and cannot penetrate to the back country.

PROPOSED TELEGRAPH LINE.

Mr. Gibson, superintendent of telegraph lines in the N.W., among other recommendations makes the following:

That an entirely new line, furnished with hickmatack and spruce poles, which contractors offer to deliver along the trail for \$1.40 each, be erected between Edmonton and Calgary, the distance being 180 to 185 miles.

That prior to the erection of such telegraph line, a new main trail probably approximately to the present one, though shorter, be surveyed out between Edmonton and the most convenient station for freighters, at or near Calgary.

IMMIGRANTS.

A great deal has been said of the large number of incomers we are to have in the spring and summer, and it might not be out of place to enumerate the class of people that are desirable settlers, both for the prosperity of the place and the success of those who choose to make this their home. In the first place there will be room for any number of people who can come here, bringing with them a capital of \$2,000 and upwards. For all such a good investment awaits, and one which, with a little prudence and good management will soon place the owners in a good position. But we think we are correct in saying that the mercantile lines are quite full enough at present, and our merchants are in a position to fully supply all incomers for the next year. But, as we said before, we want practical farmers who have sufficient capital to build houses for themselves, to break from 40 to 50 acres the first year, to fully equip their farm with implements and stock, and then we look for their attaining a position of comfort and prosperity. But to the man with only enough money to pay his land lease, his "spec," as it were, we would warn him to pause as we believe the older settled portions of the Dominion are more adapted to his condition.

Bread and Pastry Manufacturers!

Have tried no one else but have in fact, prepared a large quantity of Vienna and High Classed Bread and Biscuits.

The principal advantage derived from this oven is the bread while baking is kept in constant motion by means of a reel, which revolves the bread round a central axis, and thus insures the most perfect baking. The motion keeps the steam and heat in circulation, which equalizes the heat and takes on a tender skin. The bread when in soft and elastic, being remarkably pure and free from all deleterious gases or foreign substances, which makes it very easily digested, all the nutritive substances being preserved.

POST OFFICE REMOVAL.

To the Editor of the Calgary Herald.

During the last few weeks a considerable amount of talk about moving the Post Office has been indulged in, and the general impression was that "talk was cheap," and the vendors of section 15, were waging this kind of bluff against certain other statements made by parties on the east side of the Elbow. But when on Monday preparations were made for the immediate removal of the building, a very great many disparaging remarks were made regarding the new site, which I understand is in close proximity to the new station. No doubt Mr. Bannerman has the perfect right to exercise his own judgment where he shall locate his own building, but I have always understood that the Post Office, was for the accommodation of the community, and I certainly think that for the convenience of the people of Calgary at the present time, the removal of the Office one mile from its present location, and at least one mile and a half from where the great majority of the people reside, is to say the least, a change not in the interests or for the better accommodation of the people. The time may come when the removal would be for the benefit of the greater part of the population, and then by all means let it be removed, but where business men and others have rented horses and drivers at high figures, it does seem a hardship to make them walk a mile or two for their mail matter. If the Post Office Authorities have ordered this matter, it requires our postmaster some responsibility, and if he has taken it in his own hands it seems to me he is a little "too precious," even if he does not display a streak of avarice in the distribution of the mails.

Yours, &c.

CITIZEN.

KICK CHURCH ANNUAL MEETING.

The first annual meeting of the congregation of Knox Church, Calgary, was held last Wednesday evening. The meeting was well attended, and although the business of the congregation was the chief object of the meeting, a pleasant, social and profitable evening was passed. The programme was presided over by the ladies of the congregation were duly appreciated by all present, while they stayed for a time the hearing of reports and motions. The principal business transacted was the election of Managers, Trustees and Auditors, with the hearing of reports. The financial report of the congregation was very encouraging. This report extended over the first seven months of the history of the Presbyterian church at Calgary. During this time \$17,230 has been contributed to the funds of the congregation by the members, adherents and friends in Calgary. We have a vein of the liberal spirit, a western community; a liberality of spirit that shall only increase in every good cause with the temporal advancement of all who have and shall in the future settle in our growing city. The congregation decided to hold a social at an early date. The arrangements for this have been left in the hands of the managers. At the close of the meeting, Major Walker, on behalf of the ladies of the congregation, presented the Rev. A. Robertson, with a for coat, cap and knickerbockers, accompanied by a well filled purse. The receiver replied, thanking the ladies for the valuable present, and kind recognition of his labors. The friends then dispersed, and many of them will no doubt retain pleasant remembrance of the first annual meeting of the congregation, while they will look forward with interest to the regular annual meeting of this, the first congregation in Calgary.

A MEMBER.

MASONIC.

A meeting of the members of this Ancient Order was held at the Masonic Hall, on the evening of the 25th ult., when a new lodge to be called the Bow River Lodge was organized under a dispensation from the Grand Lodge of M. M. t. o. l. n. At the close of the meeting, and as the brethren were about dispersing, the W. M. announced that he had received a message from Mrs. Kelly, the hospitable spouse of Bro. Peter Kelly, inviting the officers of the new lodge to sup at her residence. The gratifying invitation was accepted by the majority of those present, and proceeding to the house of Brother Kelly the brethren duly disposed of a portion of the abundant good things which were placed before them, after which a couple of hours were spent in a most enjoyable manner by the whole party, which did not separate until the approach of the "second hours."

At the regular communication of Bow River Lodge of A. F. & A. M. held in the Masonic Lodge Room at Calgary, on the 4th day of Feb., A. D. 1884, it was unanimously resolved: That the thanks of this Lodge are due and are hereby tendered to Bro. James Douglas White, late of Journeyman Lodge, No. 8, Edinburgh, Scotland, for his opportune and acceptable gift to the Lodge of the sword won by him in a competition against thirty-six antagonists in a sword competition while in the Royal Mid-Lothian Yeomanry Cavalry. Resolved: That the brethren earn with pleasure that since the late inscription on the sword so kindly presented to the Lodge, Brother White has gained one gold and four silver medals as well as three citations, and has been presented with another silver mounted sword in honor by His Lordship the Earl of Haddington; all being tokens of his powers in sword competition. Resolved: That inasmuch as Bro. White closes his letter, presenting the sword, in the words "I will then know that one of my kind words has found a fitting place of rest and most honorable duty." This Lodge will carry out his desire and hereafter assume the Brother that his present shall never be put to less honorable use. By order.

C. N. CAMPBELL, Secretary.

At the same meeting it was unanimously resolved: That the thanks of this lodge are hereby tendered to Mr. James Vetter, of Fox Creek, for his kindness in presenting a remarkable fine copy of the Holy Scriptures for the use of the Lodge. Resolved: That as the sacred volume form a portion of the furniture of every well governed lodge, Mr. Vetter may rest assured that the brethren will endeavor to act up to the precepts inculcated by his present. Resolved: That a copy of these resolutions be forwarded to Mr. Vetter, and that the same be published in the local newspaper. By order. C. N. CAMPBELL, Secretary.
